A long-awaited collection of 30 designs by Australia’s leading knitwear designer is showcased in this instructional knitting handbook utilizing classic yarns, which features on-location photography of the Australian flora and fauna that inspired her work. Small projects with step-by-step instructions introduce the techniques used in the garments, such as intarsia, miters, and textured patterns. Designer notes explain the logic of the shapes and highlight opportunities for customizing the fit. Alternate colorways are also shown for most garments along with distinctive shapes for jackets, coats, and simple wraps that flatter and fit.
